The image shows a large grid-based puzzle on a page. The grid is 50 rows high and 40 columns wide. The top-left corner is marked with a black triangle and the text "Страница 4". The top center has the title "Декабрист" and the top right has the author's name "Ланкевич Ольга".

At the top, there are numerical markers: "10" at column 10, "20" at column 20, "30" at column 30, and "40" at column 40. On the left side, there are numerical markers: "10" at row 10, "20" at row 20, "30" at row 30, "40" at row 40, and "50" at row 50.

The grid contains various symbols: numbers (3, 1, 0), letters (Т, С, П, Н, И), geometric shapes (triangles, circles, squares), and icons (stars, crosses, arrows). The grid is partially filled with a grey background, and some cells are highlighted in green, pink, and purple.

Several colored paths are drawn on the grid:

- A red path starts at the top left and moves generally towards the right and down.
- A blue path starts at the top left and moves generally towards the right and down, following a more complex route than the red path.
- A yellow path starts at the top left and moves generally towards the right and down, following a similar route to the blue path.

The puzzle appears to be a complex logic or navigation puzzle, possibly involving finding a path through the grid based on the symbols and highlighted areas.
